June 2017 - June 2017

Worked in the event management team of Technoxian, World Robotics Championship, helped me to improve interpersonal skills.

EDUCATION

Amity School of Engineering and Technology, IPU, Delhi
B.Tech IT

August 2017 - Present

Currently in my 3rd Year of the course with no backlogs and expected graduate of 2021. CGPA : 7.3

DAV Vasant Kunj, New Delhi — *Class 12*

MAY 2017

PCM 88.7 %

PROJECTS

Hate Speech Recognition — *Inhouse Project*

We made a website that can search and analyse on Twitter based on inputs such as hashtags and user handle on twitters. In addition to this, we added a feature of which did hate speech analysis on real time audio by using speech to text. We used various NLP and machine learning libraries such as NLTK, scikit-learn etc. Used Logistic Regression algorithm to achieve this. For deployment, used Nodejs in backend and handlebars.

SKILLS

NodeJS
JavaScript
Bash Scripting
C++
Java
MySQL
Git
Docker

AWARDS

IEEE Volunteer of the Year-2019 Worked as senior technical coordinator for IEEE branch of my college.

Silver Medalist, International Robotics Competition 2017, National Level.

Gold Medalist, International Robotics Competition 2017, 2016, Regional Level.

LANGUAGES

English, Hindi, Tamil, Telugu
